Come Ride with Us. All of our shows are run professionally, with qualified judges. We offer NRCHA and AQHA classes for Working Cow Horse, Cutting and Reining. We promote a fun loving atmosphere and our members enjoy cheering for one another.

*Saddle circuit points will be tallied separately from individual classes by listing all entries for nominated horses/riders in each saddle circuit category by total score, total entries in category will be added to determine points for saddle circuit

[ie – 5 green rider 1 entries, 3 green rider 2 entries and 1 non-pro ltd entry equals 9 entries – a total of 9 points will be awarded to the highest scoring rider – minus one point for each lower placing.]

Points awarded in the saddle circuit are maintained separately from individual class points and are not added to lifetime points for graduation in the Green Program.
